Document Title: Town of Cramerton Landscape Services

Issue Date: March 20, 2021

Issuing Agency: Cramerton Parks and Recreation Department & Cramerton Public Works Department

RFQ inquiries and questions:

Eric Smallwood, CPRP, CPO
Parks and Recreation Director
esmallwood@cramerton.org

RFQ Delivery Options: Deliver by mail or in person by to:

Town of Cramerton
Eric Smallwood
155 N. Main Street
Cramerton, NC 28032

RFQ Submission Deadline:

Sealed bids are due Friday, April 16 at 4pm.

**** It is the vendor's responsibility to assure this document and all attachments are reviewed in its entirety. ****

Introduction:

This contract is for the landscape services for the Town of Cramerton. Most of the work performed will be in public spaces that include but are not limited to parks, greenways, trails, Town right-of-way, and Town facilities.

Background:

Contracting landscape services for the Town of Cramerton is an effort on behalf of the citizens of Cramerton to be as fiscally responsible as possible while receiving the maximum benefit for the Town as it pertains to the landscape maintenance of its facilities and grounds.

This quote can be submitted three different ways:

1. Quote for services on Parks and Recreation Facilities only
2. Quote for services on Public Works Facilities only
3. Quote for services on both Parks and Recreation and Public Works Facilities together.

Definitions:

The growing season is defined as March 1 – November 1. Chemicals, soil enhancements, soil amendments, and seed includes but is not limited to pesticides, herbicides, fertilizer, growth inhibitors,

straw, grass seed. Natural surface trails include any defined walking, running or biking path that has been enhanced by natural materials such as crushed concrete, gravel screenings or mulch and single-track trail that has been machine or hand built for a natural trail experience.

Scope of Work:

The work listed below is a general list for both Parks and Recreation and Public Works Facilities. A more detailed list of individual facilities and expectations for each Department are included as attachments to this document.

Indicate that you have read and understand the elements of the bid by marking each box below:

- Town Property shall be mowed at least weekly or as needed during the growing season.
- Town Property shall be trimmed/edged/weed-eat at least weekly or as needed during the growing season.
- During the period November-March town property shall only be mowed at the request of the Town Staff, not to exceed two times per month.
- During the period November-March Town property shall only be trimmed/edged/weed-eat at the request of Town Staff, not to exceed two times per month.
- The vendor received a copy of each department's detailed specifications and have completed site inspections.
- Town Property shall be clean of litter prior to mowing (all areas mowed and all parking lots) as needed or at least weekly during growing season and at least every other week during November-March.
- Concrete and paved areas and natural surface trails shall be blown off or swept clean after mowing or at a minimum, weekly during the growing season.
- Items listed under heading "Optional Landscape Maintenance List" may be selected as additional services that the Town will pay for. It is the Town's discretion to pick any, all, or none of the services listed under the "Optional Landscape Maintenance List."
- Chemicals, soil enhancements or amendments, and seed applied to the site shall be applied at the manufacturer's recommended rates. The Town shall reserve the right to approve or refuse any chemicals, soil enhancements or amendments, and seed or other materials applied to the site.
- Mulch **AND** Pine needles shall be placed around existing planting beds and trees outlined on attached sheet. Additional mulched or pine needle areas may be added at the discretion of the Town, with an appropriate adjustment to the contract. Any mulch applied shall be "double-hammered" hardwood and shall be at least four (4) inches thick. Any Pine needles applied shall be of good quality and color.
- Town property, adjacent parking lots, and planting beds shall be sprayed with herbicide on an as needed basis to control kudzu, honeysuckle, and other weeds. This will be included in the contract price.
- A copy of herbicide license(s) must be included with bid documents.

- During the months of September-March, the vendor will be responsible for blowing or picking up leaves off town property, sidewalks, parking lots, greenways, and trails on Town designated areas.
- Bush hogging and/or clearing of designated areas shall take place three times per year - spring, summer, and fall. Additional bush hogging may be contracted on an as needed basis for specific areas with the price being determined at the time of event.
- If the vendor damages plants, shrubs, trees, grass, or park facilities (including, but not limited to, benches, fences, playground equipment, gates, buildings, water, and sewer devices) the vendor will be responsible for all necessary repair or replacement of the damaged item(s).
- This contract is for three years with renewal options of at least one, one-year period considering all pricing, terms and conditions remain the same. (This could be a four-year contract).
- Required General Liability insurance of \$1,000,000.00 with the Town of Cramerton named as additional insured. Copies are required before bid award.
- Workman's Compensation insurance of \$100,000.00 with the Town of Cramerton named as additional insured, if required by State/Federal Law. Copies are required before bid award.
- Reference page with three jobs, which work has been completed. The reference page must include contact names, addresses and phone numbers.
- The vendor will certify that they will comply with all state and federal laws as applied regarding the legal status of all employees.
- The vendor will certify that they will comply with all local and state laws regarding the legal status of their business (proper filing, payment of taxes, business location, etc.)
- Vendor will issue a detailed list of grounds cut daily to be inspected by staff. The list will include a schedule of when work will be performed at each facility. Check will not be issued if list is not turned in.
- Vendor agrees to have employees in performing work on Town of Cramerton property to be in uniform. Employees can not be shirtless, wear "tank top" or have cut off sleeves.

General Information:

1. For services performed, the Town will receive invoices monthly. Name and address for billing purposes will be furnished later.
 2. No subcontracting.
 3. Contracts can be awarded together or separate.
 4. The Town Manager or his designee shall be the Contract Administrator.
-

**Cramerton Parks and Recreation Department
Landscape Services Detail Sheet**

Below is a detail sheet outlining the work to be performed at each facility under that Cramerton Parks and Recreation Department Landscape Services Contract.

- **The following applies to all facilities listed below each time the area is maintained:**
 - All areas below are to be cut weekly unless otherwise noted.
 - Pick up all litter before mowing.
 - Cut all areas accessible by a mower.
 - Grass clippings are to be blown away from fixed structures such as fire hydrants, light poles, park signs, etc. If clippings are blown on to fixed structures, they must be cleaned off.
 - Cut all areas as close to the woods as possible.
 - Edge all concrete, asphalt, and flowerbeds.
 - Trim/weedeat all trees, signs, fences, and other areas unreachable by mowers.
 - Blow grass clippings from playgrounds, shelters, trails, benches, sidewalks, and streets.
 - All mulch, pine needles, and all protective surfacing is to be kept weed free by routine spraying or being removed manually.
 - Vendor will abide by all safety procedures and regulation, wear safety vests and proper personal protective equipment.
 - Vendor understands most areas listed below are public parks and will schedule work accordingly as to not disrupt public use of these facilities, public safety while using these facilities, and will not conduct work while facilities are wet as to lead to damaging soft areas with heavy equipment.

- **C.B. Huss Recreation Complex to include Community Center, Senior Center, Swimming Pool, Gymnasium – 8 Julian Street:**
 - Hill/bank behind the stadium seating to be cut once a month.
 - Cut inside the pool each week before the pool opens.
 - Cut hill beside pool all the way to the bottom before the pool opens.
 - Spray cracks in the asphalt trail as needed. Do not spray the edge of the asphalt trail.
 - Keep all shrubs pruned and trimmed.

- **C.B. Huss Recreation Complex to include Ball Fields – 8 Julian Street:**
 - Cut grass inside fence area twice per week – Monday and Thursday.
 - Cut grass inside fenced areas a different direction each time.
 - Ballfields are to be overseeded and fertilized once a year.
 - Soccer goals are to be moved, mowed, then put back in place each time.
 - Maximum grass height on ballfields of 2.5 inches.
 - Spray the dirt infields as needed.
 - Fence lines may be sprayed as needed instead of trimming/weedeating.

- **C.B. Huss Recreation Storage Lot – 480 11th Street:**
 - Cut grass along the river access trail, around the pump station and the kiosk.
 - Cut grass along the trail beside the storage lot.
 - Cut all grass into the woods as far as possible.
 - Creek/ditch between the ballfields and parking lot on 11th street to be cut once a month.

- **Centennial Center Park – 100 Center Street:**
 - Mow all grass in Centennial Center a different direction each time.
 - Keep bricks, sidewalks, and seating areas weed free.
 - Aerate, seed, and fertilize twice a year.
 - Centennial Center turf is to be kept as weed free and as groomed as possible. The expectation is for this facility to be more well maintained as other and serve as the landscape center piece of Cramerton.
 - Keep all shrubs pruned and trimmed.

- **Central Park – 110 Victory Lane, Maintenance Access at the end of High Street:**
 - Central Park includes the entrance on Washington Street – 493 Washington Street
 - Due to the nature of the natural surface trails, mowers are to ride on the trail as little as possible. Mowers are not to be used to blow off the trails.
 - Creek and Gulley's to be trimmed/weedeated once a month.
 - Hill next to High Street to be mowed once a month or as necessary to keep kudzu from growing. Vendor can be sprayed with growth inhibitor or other chemicals if vendor so chooses.
 - Rip rap to be sprayed monthly.
 - There are plans for a fence to be installed at 493 Washington Street and at the corner of Washington Street and Brooklyn Avenue that will need to be trimmed/weedeated.

- **Fire Department – 141 8th Avenue:**
 - Areas to be mowed include
 - Flat area and hill behind FD between FD and the river.
 - Flat area with trees behind the bathrooms between bathrooms and river.
 - Flat area and hill between the Goat Island Bridge and the observation pier.
 - Flat area and hill between the observation pier and pump station.
 - Riverbanks are to be kept as trimmed/weedeated as possible without exposing dirt.
 - Keep all shrubs pruned and trimmed.

- **Goat Island Park and Greenway – 305 Greenwood Place:**
 - Mowing should include all berms around park, sides and top.
 - Cut all open areas and banks between canoe launch and #9-disc golf hole.
 - Cut areas around #10-disc golf pad and observation/fishing pier.
 - Cut and trim open space where the dog park used to be located.
 - Spray trail cracks as needed. Do not spray the edges of the asphalt trail.
 - Riverbanks are to be kept as trimmed/weedeated as possible without exposing dirt.

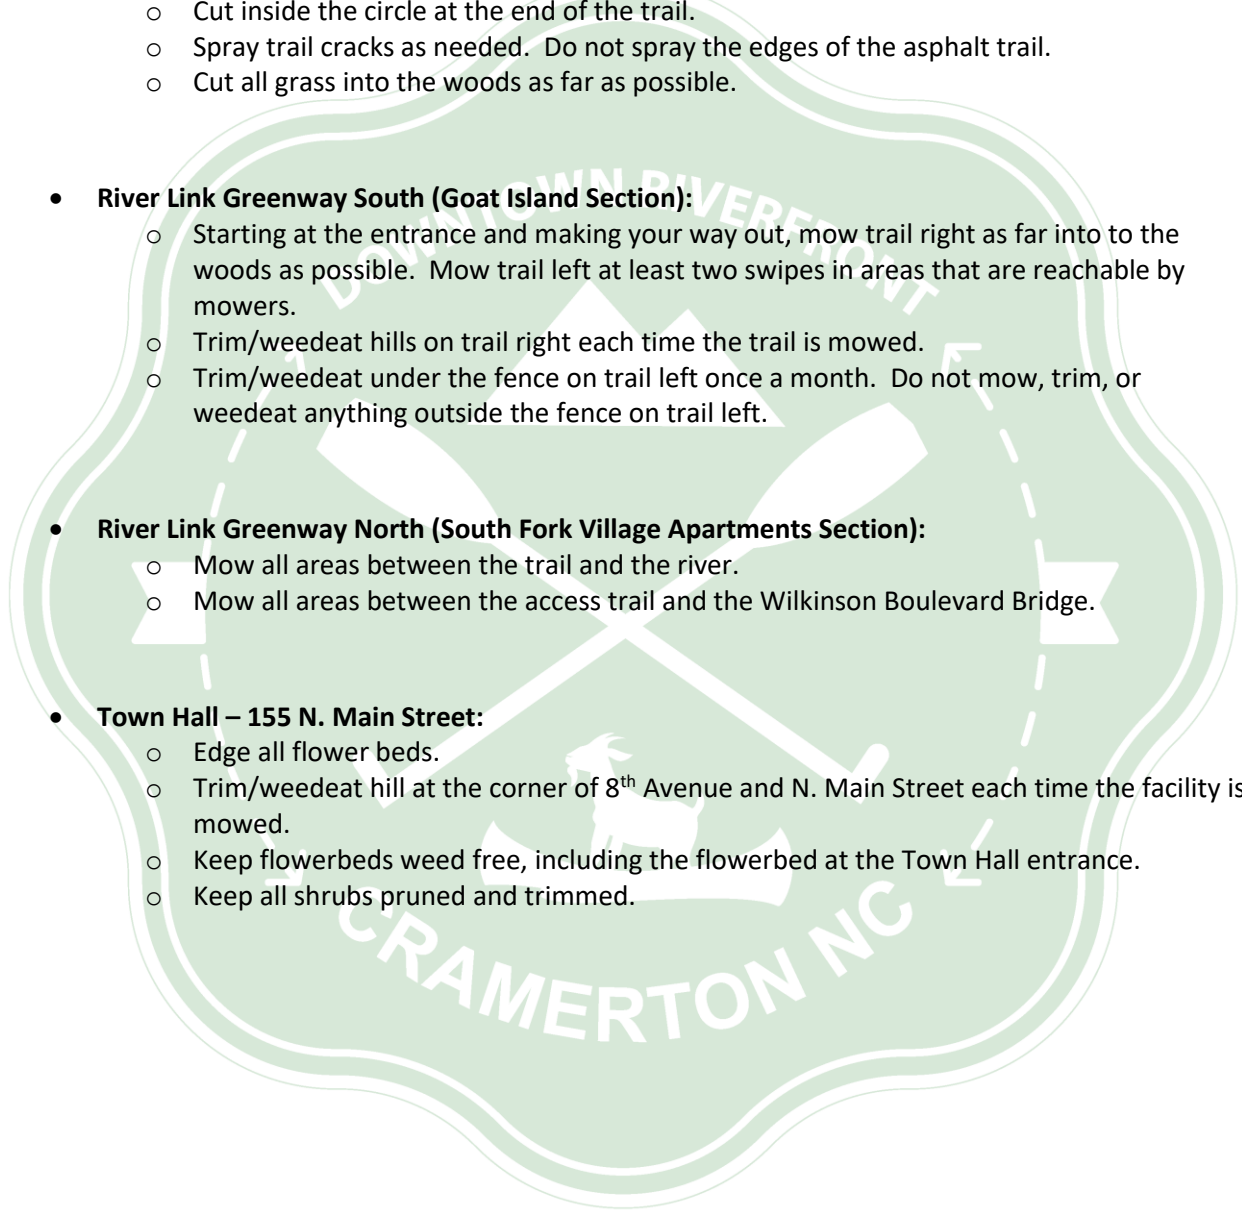

- Keep all rocks and rip rap at the parking lot weed free.

- **Riverside Park and Greenway – 75 Riverside Drive:**
 - Cut grass at entrance on each side of the basketball court and along Riverside Drive and 8th avenue to the bench at the end of the trail.
 - Cut all grass between riverside drive and river.
 - Cut inside the circle at the end of the trail.
 - Spray trail cracks as needed. Do not spray the edges of the asphalt trail.
 - Cut all grass into the woods as far as possible.

- **River Link Greenway South (Goat Island Section):**
 - Starting at the entrance and making your way out, mow trail right as far into to the woods as possible. Mow trail left at least two swipes in areas that are reachable by mowers.
 - Trim/weedeat hills on trail right each time the trail is mowed.
 - Trim/weedeat under the fence on trail left once a month. Do not mow, trim, or weedeat anything outside the fence on trail left.

- **River Link Greenway North (South Fork Village Apartments Section):**
 - Mow all areas between the trail and the river.
 - Mow all areas between the access trail and the Wilkinson Boulevard Bridge.

- **Town Hall – 155 N. Main Street:**
 - Edge all flower beds.
 - Trim/weedeat hill at the corner of 8th Avenue and N. Main Street each time the facility is mowed.
 - Keep flowerbeds weed free, including the flowerbed at the Town Hall entrance.
 - Keep all shrubs pruned and trimmed.
